Luis Morales is 18 years old and comes from a tiny village in the Andes mountains in Colombia. Until about seven years ago, one of Luis's favourite activities was to go into the thick forest surrounding his home to hunt and kill the wildlife, especially birds. Now, however, he and a group of other local youths work with an international organisation called Wildlife World, to study and protect the birds and their environment.

Wildlife World has set up several of these groups across the area. 'Information we get from the children helps us learn how the birds and other animals use the forest, what they eat and how best we can protect them. The project has worked very well and we hope to set up more groups in the future,' says area leader Felipe Ramos.

Luis is the oldest and most experienced member of his group, having been a member since he was just 11. 'Before I joined, I planned to leave the village and find work in the city, like most young people do these days,' Luis says. 'But now I want to go to university, become a scientist and return here to carry on working to save these rare birds and their environment. Being part of the group has had a huge effect on me.'

Luis also spends time with the younger children in the village. 'There is not much to do here after school,' he says, 'so I try to involve them in our activities. As well as bird watching and nature studies we also do drama and art. The drama has been particularly successful and we now have a theatre group of 30 children, which tours in the area, performing different plays.'

**III READ THE TEXT FIRST. THEN WRITE THE CORRECT FORM OF THE WORD IN BRACKETS IN THE SAME LINE. WRITE ONLY ONE WORD ON EACH LINE. (10 x 1 point = 10 points)**

**Example:** We expected to meet some famous people there. (FAME)

But the volunteers discovered something (1) \_\_\_\_\_ about Cupid. (NATURAL)  
 (2) \_\_\_\_\_ on a side or belly-up is not so common among dolphins, (SWIM)  
 and that's exactly what Cupid did a lot. (3) \_\_\_\_\_, they discovered (EVENTUAL)  
 the reason: Cupid suffers from an (4) \_\_\_\_\_ similar to human epilepsy! (ILL)  
 So they all thought: would he be able to protect (5) \_\_\_\_\_ if he was in (HIM)  
 one of such episodes back in the wild? So, the special (6) \_\_\_\_\_ they (TREAT)  
 gave him was of huge (7) \_\_\_\_\_ for Cupid's recovery and soon he (IMPORTANT)  
 became as (8) \_\_\_\_\_ as any other youngster. In time, Cupid grew (PLAY)  
 much (9) \_\_\_\_\_, but now they had to find him a new home knowing (HEALTHY)  
 that he would die if they released him back into the sea. The (10) \_\_\_\_\_ (DECIDE)  
 was made at last and Cupid was transferred to California's Marine World in early 2004.

**IV READ THE TEXT BELOW AND THINK OF THE WORD WHICH BEST FITS EACH GAP. USE ONLY ONE WORD IN EACH GAP. THERE IS AN EXAMPLE AT THE BEGINNING (0). (15 x 1 point = 15 points)**

(0) At first, the people at Marine World California were concerned (1) \_\_\_\_\_  
 Cupid getting sick. They decided to keep him away (2) \_\_\_\_\_ other dolphins for his safety. After  
 keeping him alone (3) \_\_\_\_\_ 30 days, they were really excited (4) \_\_\_\_\_ introduce Cupid  
 to the other dolphins. And (5) \_\_\_\_\_ was he. The truth is, dolphins are very social animals (6)  
 \_\_\_\_\_ they love to communicate with other animals. They seem (7) \_\_\_\_\_ have a  
 special relationship with humans (8) \_\_\_\_\_ well. Some people even think that dolphins can help  
 people (9) \_\_\_\_\_ danger. Scientists say they have their (10) \_\_\_\_\_ language.

Nowadays, Cupid has a happy future ahead (11) \_\_\_\_\_ him. He was lucky (12)  
 \_\_\_\_\_ he survived being stranded, and especially lucky to have met all (13) \_\_\_\_\_  
 wonderful volunteers at the Texas Marine Mammal Stranding Network. (14) \_\_\_\_\_ them, and  
 all of their hard work, (15) \_\_\_\_\_ probably wouldn't be a friendly dolphin named Cupid.

**V READ THE TEXT FIRST. THEN FILL IN THE APPROPRIATE FORM / TENSE OF THE VERB IN BRACKETS IN THE ACTIVE OR PASSIVE VOICE. PAY ATTENTION TO THE WORD ORDER. DO NOT ADD ANY OTHER WORDS. (22 x 2 points = 44 points)**

**Example:** We have never been there before. (never / be)

It seems that more and more universities on both sides of the Atlantic (1) \_\_\_\_\_ (become) film locations nowadays. Many of them have fantastic buildings, which are empty during long holidays, and this (2) \_\_\_\_\_ (allow) film-makers a great opportunity (3) \_\_\_\_\_ (shoot) a film. Of course, the true identity of those buildings (4) \_\_\_\_\_ (usually / hide).

Years ago, Londoners were surprised (5) \_\_\_\_\_ (see) American police cars (6) \_\_\_\_\_ (cruise) around in front of the University Library, which (7) \_\_\_\_\_ (use) as the Gotham City police offices in all the Batman movies. Another famous building, (8) \_\_\_\_\_ (turn) into the headquarters of a secret police, was that of Brunel university. Stanley Kubrick filmed his frightening *Clockwork Orange* in it. At one point, after they (9) \_\_\_\_\_ (already / finish) a great deal of their work, Kubrick decided (10) \_\_\_\_\_ (repeat) some scenes. So, they (11) \_\_\_\_\_ (must) go back, rebuild the set and do the scenes again.

Oxford and Cambridge are the most popular universities, and both students and film-makers find (12) \_\_\_\_\_ (get) into them equally difficult. Some excellent films (13) \_\_\_\_\_ (make) there up to now, most recently the famous Harry Potter films. Across the Atlantic, the University of Toronto (14) \_\_\_\_\_ (also / play) the role of several famous universities so far. So now, somebody who (15) \_\_\_\_\_ (watch) the film *Good Will Hunting* may well (16) \_\_\_\_\_ (believe) that the building which (17) \_\_\_\_\_ (show) on the screen is the Massachusetts Institute of Technology not knowing that it (18) \_\_\_\_\_ (not be) truly so.

For universities, this alternative use of their buildings is a useful way of (19) \_\_\_\_\_ (earn) some extra money. But (20) \_\_\_\_\_ (be) a student at one of these universities (21) \_\_\_\_\_ (not mean) a future career in acting. And then again, who (22) \_\_\_\_\_ (know) ?

He will play the match in \_\_\_\_\_ very well.
- A hundred years have passed since the sinking of the Titanic.  
The Titanic \_\_\_\_\_ ago.
- They offered me two jobs but I refused them both.
